

## Environmental Policy BS ISO 14001:2015

The **aim** of the company is to identify the environmental aspects of its activities and be aware of the impact they cause to the environment, this is achieved with the commitment and participation of all staff in the following:

To:

- Continually look to **improve** the effectiveness of our Environmental Management System.
- Have an Environmental Management System that is **documented**, implemented and maintained and subject to **auditing**.
- Achieve the **delivery** of projects on time and **enhance** our environmental performance.
- Promote the company's **environmental culture** at all levels within the organisation and throughout our supply chain.
- Promote good working relationships with our **whole** supply chain to ensure that our **environmental** requirements are met.
- Effectively **maintain** our Environmental Management System to comply with the legal and other requirements of **BS EN ISO 14001:2015**.
- **Develop** staff to their fullest potential through training, promotion and encouragement.
- Always **listen** to our clients and understand their needs.
- Review our environmental aspects, compliance, objectives, risks and opportunities.
- Sustain our level of **environmental awareness**.
- Ensure our Environmental Policy is **available** to all persons working for or on behalf of the company and **promoted** through our website, intranet and marketing literature.

We will take all reasonable measures to ensure that this policy and all other policies are implemented and reviewed on an annual basis.
