

London Region Construction Training Group

Aims & Objectives of the Group:-

1. The Group will be non-profit making and any profit will remain in the Company for the benefit of the Members and to fulfil these objectives
2. Facilitate high quality flexible training at the lowest possible cost, through collective bargaining power
3. Increase awareness throughout the sector of the importance of training and career development for the future of the industry
4. Keep members updated on current legislation
5. Be an access point for advice on all areas of training and career development
6. Share best practice across the sector as a community of like-minded Members
7. Facilitate networking opportunities, discussion forums and seminars
8. Provide direct links with the CITB & CIOB, together with colleges, universities and other educational establishments
9. Act as a voice for the construction sector (at an SME Regional level) to lobby local and central government and inform policy formation on the importance of continued and increased funding for the development of both craft and management training and professional career development in the construction industry
10. Act as a body to promote the benefits of rewarding careers in both craft and management disciplines, within the construction sector to potential entrants, who would not have otherwise considered the industry as a viable sustainable career opportunity.
