Project News Update - Issue 8 - March 2022

rooff.co.uk

We are pleased to issue our March newsletter for the expansion project at Harpley School. The project involves the construction of a new two storey building to provide classrooms and teaching spaces.

Over the last four weeks we have constructed the roof of the new building and installed the internal staircase, as well as forming the ceilings.

Currently we are plastering and removing the scaffolding.

Forthcoming works include external landscaping works and decorating, as well as the installation of canopies.

Our Site Manager, Vasile Botezatu is on site Monday-Friday. If you have any questions about our works on site please contact Vasile or alternatively contact our Contracts Manager for the project, Danny Haskins on the contact details below.

We endeavour to keep any disturbance or disruption to a minimum and adopt best practice, to minimise any potential nuisance. We apologise for any general noise that may arise from the works. Health and safety of all people are of the highest importance to us and we ask those with young children to point out where we are building and to remind their children of the dangers of building sites.

We are keen to maintain dialogue with the local community so all relevant parties are aware of the works taking place. We will provide monthly newsletters throughout the works with updates on our progress and an overview of the forthcoming works.

All works will be carried out in accordance with planning conditions, local authority regulations, building control and current legislation.
